Antique Brass Finish Zinc Alloy 3D Die Casted Coins with Bureau Of Prisons Design

Product Description:

Our coins are made using the die casting process, ensuring that they are of the highest quality. This process involves pouring molten metal into a mold, which is then cooled and removed to reveal the finished product. This process allows for intricate designs and a high level of detail, making our coins stand out from the rest.

Each coin measures 2 inches in diameter, the perfect size to showcase your design. The round shape and 7mm thickness add to the overall durability and weight of the coin, making it feel substantial in your hand.

Our Zinc Alloy Coin is made from a combination of zinc, copper, and other metals, making it a durable and long-lasting material. Zinc Alloy is known for its resistance to corrosion, making it an ideal choice for coins that will be used and handled frequently. The material also allows for a high level of detail, ensuring that your design will be captured perfectly.

Our Custom Metal Coins can be used for a variety of purposes, including as a promotional item for your business or organization. They can also be used to commemorate a special event, such as a wedding or anniversary. With the ability to fully customize your design, the possibilities are endless.

Ordering your Custom Metal Coins is easy. Simply provide us with your design and we will take care of the rest. Our team of experts will work with you to ensure that your design is captured perfectly on each and every coin. Our fast turnaround times and competitive pricing make us the perfect choice for your custom coin needs.

In conclusion, our Custom Metal Coins are the perfect choice for anyone looking for a durable and long-lasting coin that can be fully customized to their liking. Made using the die casting process and Zinc Alloy material, these coins are sure to impress. Order yours today and see the difference for yourself!

Applications:

The antique brass finish on these coins adds a touch of vintage charm to them. Made from high-quality zinc alloy, these coins are durable and long-lasting. The material used in the production of these coins ensures that they do not corrode or rust over time.

Metal coins have been used for various purposes throughout history. They have been used as a symbol of power, prestige, and authority. Today, these coins are still used for similar purposes. Progifts' die casted antique coins are perfect for collectors, enthusiasts, and history buffs. These coins can be used to represent a historical event, a particular era, or a specific group or organization.

In addition to being used as collectibles, these coins can also be used as promotional items. Businesses can use these coins to promote their brand or to commemorate a special event. These coins can be customized with the company's logo or a special message to make

them even more unique.

Die casted antique coins are also popular among military personnel. These coins are often used as a way to recognize and honor their service. They can be given as a gift or used as a way to commemorate a special achievement or milestone.

Overall, Progifts' die casted antique coins are versatile and can be used for a variety of occasions and scenarios. Whether you are a collector, a business owner, or a military personnel, these antique brass coins made from zinc alloy are sure to impress.

### Packing and Shipping:

#### Product Packaging:

Each metal coin is packaged in a protective plastic sleeve to prevent scratching and damage during shipping. Other packaging options are also available with additional cost.

#### Shipping:

Shipping fees will be calculated at checkout based on the destination and package weight. We offer shipping agency service, as well as official shipping company such as UPS, FedEx, DHL etc. You can also pick up the goods from our factory if you have your own shipping agency.
