Product Description

Gold Finish 3D Design Epoxy Coated Metal Coins USS Fitzgerald DDG 62 with Rope Edge

Product Description:

Constructed using the die casting process, these coins are made to last, ensuring that your collection will stand the test of time.

Measuring 50mm in size, the coins are perfect for displaying in a collection or using as a decorative piece.

But what really sets these coins apart is the attention to detail and design. The USN Commander Coin is a true masterpiece, featuring intricate details that are sure to impress. The design is stunning, making it a great addition to any collection or as a custom souvenir coin for your business or organization.

These Metal Coins are more than just a collectible item, they are a work of art. Each piece is carefully crafted with precision and skill, ensuring that every coin is of the highest quality possible. And with the epoxy domed finish, the designs are protected and preserved for years to come.

Whether you're a collector or simply looking for a unique gift, these Metal Coins are the perfect choice. With their stunning design and impeccable quality, they are sure to impress anyone who sees them. So why wait? Add the USN Commander Coin to your collection today and experience the magic of these custom souvenir coins for yourself!

Features:

Product Name: Metal Coins

Features:

3D

Epoxy

Usage: Collectible

Process: Die Casting

Material: Zinc Alloy

Applications:

The Metal Coins are available in a size of 50mm, which is a perfect size to showcase their intricate design. These coins are designed with both 3D and Epoxy features, which further enhances their appearance. The Epoxy Domed Coins have a raised surface that is covered with a clear, translucent resin which gives them a unique and beautiful look. These coins are perfect for gifting to someone special or for commemorating a special occasion or event.

Another variant of these coins is the Translucent Enamel Coins which are perfect for people who prefer a more subtle look. These coins have a smooth and glossy surface and are available in different colors. The translucent enamel coating on these coins gives them a unique and elegant look that is perfect for corporate gifting and award ceremonies.

The Metal Soft Enamel Coin is another variant of Progifts' Metal Coins. These coins are made of Zinc Alloy and have a soft enamel finish that gives them a classic and timeless look. These coins are perfect for people who prefer a more traditional and vintage look. The soft enamel finish on these coins gives them a unique texture that is perfect for commemorating special events or occasions.

The Metal Coins product from Progifts is perfect for a variety of occasions and scenarios. These coins can be used as corporate gifts, commemorative coins, award medals, and even as collectibles. Their intricate 3D design and Epoxy features make them perfect for showcasing a brand's logo or a special design. These coins are made with the highest quality materials and are perfect for people who appreciate fine craftsmanship and attention to detail.

Packing and Shipping:

Product Packaging:

Each metal coin will be individually wrapped in plastic to protect it from scratches and damage during shipping. Other packaging options are also available with additional cost.

Shipping:

Shipping fees will be calculated at checkout based on the destination and package weight. We offer shipping agency service, as well as official shipping company such as UPS, FedEx, DHL etc. You can also pick up the goods from our factory if you have your own shipping agency.
