Product Description

USN Command Round Metal Coins with Translucent Enamel Colors, 3D and Epoxy

Product Description:

The USN Command design on these coins is truly striking, with intricate details that are sure to catch the eye. Each coin is carefully crafted to ensure that every detail is captured, from the bold lettering to the intricate insignia that adorns the face of the coin. These coins are a true work of art, and they are sure to be treasured by collectors for years to come.

One of the standout features of these coins is the epoxy domed finish. This gives the coins a beautiful shine and a three-dimensional look that really makes them stand out. The epoxy domed finish also helps to protect the coins from wear and tear, ensuring that they will remain in pristine condition for years to come.

These custom metal coins are perfect for anyone who loves to collect unique and beautiful coins. They are also a great choice for organizations that want to create a memorable and lasting keepsake for their members or employees. With their stunning design and high-quality materials, these coins are sure to be cherished by all who receive them.

In conclusion, if you're looking for a truly special and unique coin to add to your collection, or if you want to create a memorable and lasting keepsake for your organization, these epoxy domed coins are an excellent choice. With their beautiful gold finish, impressive size, intricate design, and durable construction, these coins are sure to be treasured for years to come.
