Applications:

One of the most popular badges and medals offered by Progifts is the Russia Medal Badge. This medal is perfect for recognizing the achievements of individuals who have made significant contributions to the country. It is also a great souvenir for those who have visited or have a special connection to Russia.

Progifts also specializes in creating custom metal badges for companies, organizations, and events. These badges can be designed to fit specific themes or logos and are a great way to show appreciation and recognition to employees, members, or participants.

Another popular product offered by Progifts is custom souvenir medals. These medals are perfect for commemorating special events such as weddings, anniversaries, or graduations. They can also be used as a way to raise funds for charitable causes or to promote awareness for a particular issue.

With a size of 40mm and a thickness of 4.5mm, these badges and medals are durable and long-lasting. They can be worn as a pin or displayed as a decorative item. With a place of origin in Zhongshan, China, Progifts ensures that each product is of the highest quality and craftsmanship.

Customization:

Progifts offers custom souvenir badges and custom metal medals with various customization options to meet your needs. Our badges and medals are made from high-quality zinc alloy material and feature the Russia Eastern Railway design. You can choose from a range of attachments, including a metal plate with a safety pin to securely attach your badge or medal. The back of the badge or medal is sandblasted for a sleek and professional finish. Our badges and medals are created through a die-casting process to ensure precision and durability. For a unique look, consider our two tones badge medal option. Our badges and medals are proudly made in Zhongshan, China, and can be customized to your specifications.

Packing and Shipping:

Product Packaging:

All badges and medals are carefully packed in individual plastic bag to prevent scratching or damage during shipping.

They are then placed in a sturdy cardboard box with appropriate cushioning to ensure safe transportation.
